Explore from a local's viewpoint

Travel like an insider, not a tourist.

“When we say we will connect you with the heart and soul of the people and the country, we really mean it. People are really at the heart of what we do.” Meet Ange, Travel Experiences Developer from New Zealand who shares her passion for creating experiences that don't exist on the tourist map, with that personal touch.

Our signature Trafalgar Be My Guest experiences are developed from the ground up, in some cases working with farmers and home cooks who have a passion and love for their place and trade, but until we came along would not have thought to market themselves to the greater public. The Bamford family is one of our new experiences on our Contrasts of New Zealand tour. They have been on their Hurunui Hills Farm since 1884, with six generations focused on producing premium Merino sheep - Scotty and his parents love introducing our guests to their little piece of paradise. Guests also love Mrs Jones at her fruit orchard in Cromwell. She is a total character with an amazing sense of humour and always makes it a priority to greet our guests when our coaches stop in for real fruit ice cream, and fresh stone fruit.

Close to my heart personally are our MAKE TRAVEL MATTER® Experiences, as we can make some real tangible improvements for locals and businesses by including them on our itineraries, not only with Trafalgar but with our TTC sister brands. For example, a Biodiversity talk from the founder of Kaikōura Wildlife Center

Trust Sabrina, whose goal is to implement a world-class wildlife hospital in the region. Wildlife rescue and rehabilitation is a critical conservation tool to ensure at-risk native species have a chance at recovery and return to the wild. And, at Dunedin Craft Distillers, the first distillery in New Zealand and one of only a handful worldwide to produce botanical spirits from surplus bread and bakery products that would otherwise go to landfill! You'll learn how owners, Jenny and Sue take 'Bread to Bottle' on this truly unique tour and tasting.

He aha te mea nui o te ao

What is the most important thing in the world?

He tangata, he tangata, he tangata.

It is the people, it is the people, it is the people

“I love this Māori proverb - it really sums our country, our tours and our aim for every guest, perfectly.”

- Ange

I put myself in the shoes of a guest who is embarking on a dream vacation to a new destination and look for unique experiences which will appeal to not just my passions but to every guest we serve. My favorite experience is Milford Sound and the nature cruise with lunch. The trip is not just about Milford Sound itself, but also the journey from Queenstown through to UNESCO-listed Milford Sound. The views along the way are spectacular, and it's a must to stop along the way for photos at the many scenic viewpoints and areas where Lord of the Rings was filmed. Plus on very lucky days there are dolphins joining in to be part of the show. I've been fortunate to visit Walter Peak high country farm twice in the last two months, it still blows me away. The food is delicious, the gardens are unbelievably beautiful and the trip across Lake Wakatipu on the TSS Earnslaw to get there is surely one of the most scenic transfers anywhere in the world.

We are a small but mighty team. Some of our Travel Directors have been with us for 20 years, and what they don't know about NZ is not worth knowing. The passion and knowledge they impart to every guest on every trip is astounding, and we see that time and time again in the incredible feedback we receive.

Nothing can prepare you for the geological drama of sheer cliffs, massive waterfalls, glaciers and rainforest of Milford Sound. Keep a look out for seals basking on the rocks, or the company of a pod of dolphins.

"It is extremely rewarding to be a part of my guests' travel experiences. It makes me so grateful that I get to be a part of these moments that people dream about and plan for all their lives."

Meet Kassie, one of our European Travel Directors as she shares how she brings travel dreams to life for her guests.

I am a bit of a travel all-rounder and I bring these passions to life for all my guests. I encourage my guests to try new foods, taste is a gateway to the essence of a culture and its people. The tantalizing flavors, aromatic spices and regional delicacies all tell stories. The more I travel, the more I have also become interested in architecture. What our ancestors were able to create hundreds of years ago without the machinery and technology that we have today is mind blowing. But most of all, I love the outdoor experiences. Taking a coastal drive along the Amalfi coast in Italy or ascending the heights of Montserrat in Spain are just two of my favorites.

Trafalgar delivers the magic...differently. All the planning is done for you, we have one of the most comfortable coach fleets in the industry, the best priority access to museums and attractions and the best local specialists who bring cities to life.

"The beauty lies in the details, and a blind eye would never appreciate the beauty of most places without having a local reveal it to them".

An awesome day is when the group comes back from an experience and guests are literally in awe. Whether it's the first time they set their eyes upon the Eiffel Tower, take in the striking Sagrada Familia in Barcelona, or view the ancient city walls of Dubrovnik, I am humbled to be a part of the vacations that people dream about, plan for all their lives.

Our guests are always sad to say goodbye but excited to keep in touch, and often planning reunions and future trips together. They start out a little quiet and reserved, but we quickly see the walls come down and lifelong friendships forming. It's particularly special when we have guests who are initially hesitant about taking their first group trip. At the end of our journey, they have embraced the experience after seeing and doing more than they could ever imagine.

We are also lucky to witness many great connections and relationships blossoming on our tours. I have several past guests who met as strangers on our trips, and have now moved across the world, or their country to marry and have children. There are so many memorable guests, but two of my most treasured memories would be two gentlemen in their 90s, Bernie and Billie, who traveled with me through the Balkans. Both were well traveled, brought a lot of good energy and were determined to give everything a go. Bernie's dream was to walk through Plitvice National Park. I helped him navigate some of the more challenging parts, while the Local Specialist went ahead with the rest of the group. The group waited for us and Bernie arrived to a huge cheer and standing ovation that brought tears to our eyes. I had one guest who knew that her family came from Croatia's Island of Hvar. On the trip she asked the Local Specialist if she knew her surname. The Specialist knew exactly where her family was from and connected her with a great aunt. She was even able to see the old family home!

Getting you from A to B with ease

Our trips are crafted with a variety of transport options to ensure that the journey is as good as the destination. Our luxury coaches feature reclining seats and large windows to take in the views, WiFi, air-con, filtered air and on-board bathroom facilities, USB chargers and more.

Rest assured your Driver knows how to get you from A to B without worry, find the best parks and take care of it all.

We also take your luggage from the coach to your hotel door, and bring it back on the coach when it's time to go.

*On some tours in smaller destinations, on-board bathrooms, WiFi are not available on our coaches or mini coach fleets.

WE MAKE TRAVEL MATTER[®]

OVER A DECADE OF POSITIVE IMPACT.

We know you have a lot of choices when it comes to your travels. Know that when you choose a guided vacation with Trafalgar, not only are you choosing a trusted travel provider that takes care of every detail, more importantly, you're choosing a company that makes a tangible, positive and lasting impact.

Travel as a force *for good*

Alongside our The Travel Corporation (TTC) sister brands, we're proud of more than a decade of championing travel to make a positive difference on the destinations and people we visit, and the wildlife we encounter along the way.

"Travel is an incredible gift. It opens our eyes to unique cultures and the captivating beauty of the natural world. But we believe that with this gift comes a responsibility – and we aim to protect the world as we know it for future generations." Meet Brett Tollman, Eco-warrior & Chairman of Trafalgar and The Travel Corporation. His vision to MAKE TRAVEL MATTER® saw the inception of the not-for-profit TreadRight foundation in 2008. Since then the company has made, and continues to make, a positive difference to people, the planet and wildlife.

Why is Sustainability so important to Trafalgar and its sister brands within The Travel Corporation portfolio?

Doing business the sustainable way isn't a luxury. It is a necessity. If we don't address the climate crisis our planet is facing, the consequences will be calamitous. As a trusted and respected industry player with a global footprint, we don't shy away from this reality but rather embrace our responsibility to address it and other challenges faced by our business. This is why we publicly and transparently share progress on an annual basis through our impact report.

How are you addressing sustainability at Trafalgar and TTC?

For over a decade we have been committed to MAKE TRAVEL MATTER®. We do this in two key ways. As a business we pledge to be conscious at all levels of our organization – from the offices we work, to the trips we deliver thanks to our 5-year How We Tread Right Sustainability. Alongside this, our not-for-profit TreadRight foundation invests in nature based solutions to tackle climate change.

◀ Meet **Marta Cuccia**, one of the last Renaissance loom weavers preserving this ancient craft while actively supporting the UN SDG 5 - Gender Equality and 11 - Sustainable Cities and Communities. 🌍

What more can you tell us about the efforts of TreadRight?

TreadRight has supported some 60-plus sustainable tourism projects worldwide to date. Support is provided through donations and grants to leading partners across the sustainable travel spectrum. Current initiatives include Rainbow Railroad, Project Vesta, GreenWave and The Tourism Pathways Project. And our newest partner is Trees For Life in Scotland, dedicated to harnessing the power of the Scottish Highlands as a nature based solution to climate change. This is just yet another wonderful initiative we're proud to support, especially as it is a favorite destination among our guests.

WE MAKE TRAVEL MATTER®

Brett & Miranda Tollman in Kenya

WE MAKE TRAVEL MATTER®

A blueprint to *change*

Our 5-Year Strategy, How We Tread Right.

Our sustainability strategy, How We Tread Right (HWTR), is our guiding light on how we run our business and how we travel. It is based on 11 measurable goals anchored to the United Nations Sustainable Development Goals (SDGs), which address the issues of climate change, sustainable food production, waste reduction, travel experiences, diversity and inclusion and wildlife. Here are just 3 of the 11 core focuses:

1 On the road to net zero emissions by 2050.

You can travel knowing that our 4-point action plan is guiding us towards net zero or near zero emissions by 2050. As the only tour company with an internal carbon fund to transition to low carbon, backed by validated near term, long term and net zero targets, we are dedicated to reducing our carbon footprint and restoring nature's ability to respond to the climate crisis.

2 Diversity, equity and inclusion - the foundation of meaningful travel.

We don't travel to experience sameness - we explore to meet different people, hear new perspectives and experience new places. To us, DEI is much more than sustainability, it's how we operate as a business. From taking concrete actions to increase diverse representation across our teams to targeted partnerships to directly support underrepresented communities, DEI is engrained in our day-to-day at all levels of our business and across all countries.

3 Every tour has at least one Make Travel Matter® Experience included.

Every one of our tours has at least one immersive impact experience that gets you up close and personal to making a positive difference through advancing one or more of the United Nations Sustainable Development Goals (SDGs). See just a few of the many experiences featured on this page and look out for yours on your preferred itinerary.
