SPECIAL FEATURE: MEET ELENA

One of our Italian Travel Directors, Elena, shares the Insight Vacations difference and personal service you can expect on every one of our tours.

"I love painting vivid pictures of the '100 cities' and places of Italy. Venice resembles an upside-down forest, with Alpine trunks floating down rivers and settling in the lagoon. Milan mirrors ripples from a thrown pebble on a lake, with the Duomo at its heart. Mount Etna stands over Italy like a guardian. These narratives help guests vividly imagine these places, ensuring memories that endure beyond mere dates and facts.

The experiences we offer have always been more than just mere visits, they are authentic and always typical of the area. For instance, a private visit to an ornate historical pharmacy known as 'The Pope's Pharmacy' nestled away in Trastevere, Rome. It's an unusual and fascinating experience that reveals surprising aspects of Rome's Papal history. We're also deeply connected to many local characters that our guests love to meet. Whether it's Roberto, one of our Local Experts in Pisa, Chef Flavia in Perugia receiving applause for her heartfelt cooking, or Mr. Paolo passionately explaining his fifth-generation Parmigiano cheese factory, these encounters are always unforgettable.

Our tours offer accommodation that strengthen the insightfulness of our tours. In Venice, you might stay at Hotel Splendid, where you'll arrive by traditional mahogany boat to the hotel's private dock, the epitome of Venetian elegance. At Lake Maggiore, the lakeside Hotel Dino, is

Impeccable service is our top priority. Our group sizes are smaller than mainstream tour companies, which allow us to give that extra time and attention. We each take the time to get to know you, ensuring your vacation is both special and personal.

where guests love to enjoy breakfast or cocktails against the stunning backdrop of the lake. A stay at Certosa di Pontignano, Tuscany, is within a fascinating former Carthusian monastery, each adds a delightful surprise to their stay.

Dining is a cornerstone of all our tours. In Todi, we indulge in a quintessentially Italian antipasti feast. We also meet master gelatiere Sergio Dondoli, who shares the secrets behind his award-winning gelato. In Tuscany, every meal is a testament to culinary perfection, with impeccable presentation and exceptional flavours, to name just a few."

MAKE YOUR TRAVELS A FORCE FOR GOOD

Travel has the transformative power to create a positive impact to not only you, but the locals of the destinations you visit. As a tour company, we're driven by the mission to protect the world as we know it for future generations to discover. We pledge to make a positive impact on not only the people and communities we visit, but also by protecting the wildlife we encounter and conserving the natural resources of the planet we call home. This comes to life through our 5-year sustainability strategy How We Tread Right (HWTR) and our not-for-profit TreadRight Foundation, which supports sustainable travel initiatives worldwide, with a focus on nature-based solutions to the climate crisis.

THE 5-YEAR STRATEGY

How We Tread Right (HWTR), is our guiding light when it comes to addressing the impact of our business and trips. It consists of 11 measurable goals which address the issues of climate change, sustainable food production, waste reduction, travel experiences, diversity and inclusion, and wildlife, all anchored to the United Nations (UN) Sustainable Development Goals (SDGs).

OUR JOURNEY TO NET ZERO

Since the inception of our sustainability strategy, the global community has continued to rally in response to the urgent need for climate action. We're committed to achieve net zero greenhouse gas (GHG) emissions by the year 2050.

Our dedication to this goal is outlined in our Climate Action Plan, with science-based targets that address our carbon footprint. We are proud of the fact that, alongside our sister brands, we became the first global tour operator to have near-term, long-term and net zero targets that are validated by the Science Based Target initiative (SBTi).
